Late one Summer evening, Dorko and his piggy bank were taking a stroll through the country and they were imagining about having a amazing adventure across the sea ocean going whoosh! While they walked along they spotted a pretty ginger cat, asleep in the sunlight. So Dorko and his piggy bank went over to the sleeping cat and stroked her very gently. "Hello, pretty kitty!" Dorko whispered to the cat. But all of a sudden, the cat had awoken and jumped up into the air and did a amazing somersault and landed almost perfectly! Boing! She landed right in front of Dorko. "Oh man, almost perfect!" moaned the cat. Dorko's face went completely white. A cat talking! What world was he in? "You can ttt...talk?" gasped Dorko.

"Of course I can watch this!" purred the cat. She bounced up in the air and did a really fast spin and then on her body appeared a white mask, a red cape, a pair of sky blue boots with little white wings and a purple top saying 'KK' and a logo of a ginger cat. She was a Super Hero too!

"Amazing!" gasped Dorko. He couldn't believe it!

"What's your name?" The cat smiled.

"I'm Kitty Kathrine!" she grinned.

"What is yours my friend?" she added.

"Um... Dorko." Dorko began.

"I'm also a Super Hero like you!"

"Nice to meet you Dorko!" purred Kitty Kathrine. Dorko thought Kitty Kathrine was great!

"If you want, do you want to be my sidekick?"
