## Anthology feedback

Please use the space below to provide anonymous feedback about any pieces of writing that stood out for you in the anthology. **DO NOT** write your name, address, phone number, email address or any other identifiable or contact information anywhere on this sheet. Please remember that you are providing feedback on the writing, not the writer. Please write feedback in a kind and constructive manner.

In the top right-hand corner of every piece in the anthology, there is a code consisting of 6 or 7 letters and numbers. Use this to identify the piece of writing you are providing feedback for. Feel free to write feedback on as many pieces of writing as you wish by taking additional forms.
